An internationally renowned award

The Entrepreneur Of The Year program by EY is the only award of its kind in the world. Originating in the USA, the program was first launched in 1986 with great success and has since been established in over 70 countries. Besides the competition, it also offers the entrepreneurs various opportunities to expand their networks and exchange experiences. As part of the competition, worthy winners are honored in almost 150 cities around the world every year. In total, over 10,000 entrepreneurs compete annually for the coveted title of EY Entrepreneur Of The Year™. In early summer of the following year, an independent jury selects the EY World Entrepreneur Of The Year™ from among all national winners. This makes EY the only organization with a competition for entrepreneurs with global reach. In 2017, Switzerland was represented by Willi Miesch of Medartis AG. Miesch was the winner of the Entrepreneur Of The Year 2016 in the category “Industry/High-Tech/Life Sciences”.

In Switzerland, the EY Entrepreneur Of The Year program is supported by its program partner Credit Suisse, as well as AMAG, watch manufacturer H. Moser & Cie., Die Mobiliar and SWISS. 2017 sees the competition entering its 20th year. In the run-up to the anniversary gala on 27 October 2017, EY is offering interested entrepreneurs the chance to take part in a tailored workshop program entitled “From Entrepreneur to Entrepreneur”.
